### \_\_\_ A PRINTMAKER'S PRIMER: HANDMADE PRINTS w/ MESHELL MELVIN

Printmaking is a very old process... Ancient in fact! Meshell will introduce students to the incredible world of colourful inks and printing techniques that have been refined over the last two thousand years! This class is a gallop through the basics of printmaking: from the quick impressions of the monoprint to the intricacies of the linocut, and all the potatoes in between. Students will be encouraged to develop their image making throughout their explorations with different printmaking techniques. Be warned: this workshop will be playful, messy (not too messy...), and COLOURFUL!

### \_\_\_ MOVE YOUR BODY: RHYTHM, HIP HOP DANCE, & CHOREOGRAPHY w/ VAL HERDES

During this five day performing arts intensive, students will explore and hone their skills in dance and movement with Val Herdes of Heart of Riverdale. Each day will feature different games, physical activities, and movement-based learning culminating in solo or group dance pieces to be showcased to parents and friends at the end of the week. Students will learn the lingo of dance and performing arts (why are rehearsals important? What is a stage manager? And what does "from the top" mean!?) in a dynamic journey from tiny idea to rehearsal to performance - all in a safe, nurturing, and collaborative environment. This workshop is for EVERYONE. All experience levels and physical abilities are welcome!
